

Jhon Eric D. Aton

jhonericon@gmail.com | +63 968 326 8687 | Antipolo City 1870 Rizal, PH | [Portfolio](#) | [Github](#) | [LinkedIn](#)

Experienced Full-Stack Web and Mobile Developer specializing in modern JavaScript technologies including ReactJs, React Native, NodeJs, ExpressJs, and MySQL.

PROFESSIONAL EXPERIENCE

Software Developer

Dynamic Global Soft Inc.

April 2025 – June 2026

Event Management Platform | Front-End *(Developed at Dynamic Global Soft Inc)*

Live Demo: <https://register.worldbexevents.com>

- Led the modernization of the web application by migrating legacy codebases to ReactJs, improving overall UI/UX, codebase maintainability, and web performance.
- Optimized client-side API requests and asynchronous data fetching using TanStack Query and Axios, reducing network latency and server load across multi-role portals.
- Integrated secure payment gateways and registration workflows, delivering a faster, more reliable checkout and ticketing experience for end-users.

Worldbex Services International Community App | Mobile *(Developed at Dynamic Global Soft Inc)*

[Play Store](#) | [App Store](#) | [App Gallery](#)

- Led the modernization of the mobile application by migrating legacy codebases to React Native Expo, improving overall UI/UX, codebase maintainability, and application performance.
- Optimized client-side API requests and asynchronous data fetching using TanStack Query and Axios, reducing network latency and server load across mobile application.
- Integrated secure payment gateways and registration workflows, delivering a faster, more reliable checkout and ticketing experience for end-users.

Offline-first E-Learning Platform | Back-End *(Developed at Dynamic Global Soft Inc)*

Live Demo: Confidential

- Developed scalable RESTful APIs and database schemas as the main backend developer, supporting core platform functionality and overall system stability.
- Built a cloud-to-local data synchronization mechanism for lessons, activities, and contents, enabling consistent platform operation with or without internet connectivity.

Front-End Developer Intern

Dynamic Global Soft Inc.

January 2025 – April 2025

- Modernized the event management visitor portal by migrating legacy codebases to Reactjs, Zustand, Tanstack Query and Ant Design, improving overall web performance and code maintainability.
- Revamped UI/UX layouts, navigation flows, and interactive elements, enhancing portal usability and user engagement.

SKILLS

Front-End Development: HTML, CSS, JavaScript, TypeScript, Axios, TailwindCSS, ReactJS, Ant Design, React Native, TanstackQuery, Zustand State Management.

Back-End Development: NodeJs, ExpressJs, MySQL, C#, PHP, Laravel, ASP.NET.

Cloud Deployments and others: CI/CD, AWS, Postman, Visual Studio Code, Git, GitHub, GitHub Actions.

EDUCATION

UNIVERSITY OF RIZAL SYSTEM – BINANGONAN CAMPUS

August 2021 – June 2025

Bachelor of Science in Information Technology

Capstone Project: Web-Based Management Information System for JC's Skin Works Dermatology Clinic

Tech Stack: TailwindCSS, AlpineJs, Laravel, Livewire, MySQL

Role: Lead Developer
